Full day charters run from 7:30 AM to 5PM. \$1,200 per charter, six people maximum.

Golf

Hacienda Pinilla

The 7,300-yard, par 72 masterpiece golf course is the creation of Mike Young, who is responsible for some of the finest courses in the southern United States.

At Hacienda Pinilla, you'll see a shining example of Young's passion for the game, respect for tradition, concern for the environment and sharp eye for detail. Each hole was designed to conform to the slopes and contours of the natural landscape. Not only has he met the highest standards required by international golf organizations in building the course, but recently the property earned certification as an Audubon Cooperative Sanctuary for its preservation of the ecological balance of the area. Here, golfers have a course that offers picturesque scenery, immaculate conditions, frequent glimpses of exotic wildlife and the inviting El Corral Turn house. In short, it's a course you'll not only want to play again and again, you'll want the pride of ownership for years to come.

\$165 per person plus transportation to and from the course. \$40 for rental clubs.

Reserva Conchal Golf Club

The Reserva Conchal Golf Course is a truly memorable golfing experience, designed in the classic tradition of the game by Robert Trent Jones II.

Each nine meanders through the rolling terrain with breathtaking ocean views. This 71-par championship course provides players with both a challenging and an extraordinary eco-golf experience. Lakes and ravines accentuate the course and put a premium on tee shots and accurate approach shots to large, manicured Bermuda-grass greens.

\$180 per person. Includes golf cart, driving range, water, and as many holes as you want to play. Rental clubs are \$25.00 per set.
